- fourSeasons makes the world of colour of the rainbow into an experience. The colour change stimulates your customers' wellbeing and the Tanning becomes into a unique experience. Spring, summer, autumn/fall and winter – experience the Sensuality of the colours.

Features:

electronicPower

A bundle of innovative features – that is electronicPower. Electronic front-end sunbeds lower the energy consumption of the tubes by approx. 33 %, the weight per sunbed by almost 100 kg and guarantee safe operation – even when the voltage fluctuates.

evoSystem2

A new kind of reflectors for an even better power distribution. Specially finished surfaces for a significantly higher degree of efficiency. evoSystem2 is power for eye catching, intensive and even tanning in the facial area. Face the power.

mp3-Sound box

The mp3-player can be equipped with any kind of music by each studio operator individually. The mp3-player can be connected by using the audio access.
